and Parish Council elections on
Thursday 4 May 2023

 **Labour**
In Bolsover District

In the last District Election in 2019, no Labour councillors were elected to Clowne East. But this did not stop us working behind the scenes with the Leader of Bolsover District Council, Steve Fritchley to get the best for the town. We continue to represent the interests of residents, businesses and visitors to our communities and are committed to ensuring you receive the best possible services and a fair share of funding.

During these four years, Labour has worked on investment and regeneration projects in Clowne such as:

- ✓ Invested £1.3million into new leisure facilities at Go! Active
- ✓ Local businesses have received help and support through our dedicated free advertising opportunities
- ✓ Conducted a skills audit to support post 16 education and ensure our local residents have the necessary skills to achieve their ambitions
- ✓ Established a new £90k Wellness Hub to help those with long-term health conditions and the elderly stay active

- ✓ Introduced the Bolsover District Community Lottery scheme to help local groups and good causes raise valuable funds
- ✓ Held meetings with the Police and Crime Commissioner to increase the Police presence and deploying CCTV cameras to improve community safety in the area
- ✓ Spent £1.5m on refurbishing Parkfields to ensure the elderly and vulnerable in society have somewhere decent and modern to call home
- ✓ Petitioning the Conservative controlled county council to ensure there is a decent bus service in the town

This is just a taste of what we have achieved to date and we are continuing to improve and develop our communities all the time. We have big ambitions for Clowne and with your help we can make these ambitions become reality.

Our ambitions for Clowne East

When we are out and about talking to people we get a sense of what is important to you. We feel that over the past four-years, the Labour Bolsover District Council has proven that when they say something, they do it.

They don't use slogans or spin-doctors, just good old fashioned plain English and a commitment to making things happen. So if you elect us, we will continue and build upon this good work and below are the main ambitions that we want to implement for Clowne East. However, this is not the limit to our ambitions, but just a flavour of some of things you can expect to see happen.

1. Affordable housing

We know there is a shortage of good quality council properties in the Parish. Where there is a need, we aim to build more council properties through our council-owned company Dragonfly Development Ltd. These properties will be modern, energy efficient and meet a need in the parish. We will also engage with local house builders to purchase properties to help local young people and families get on the housing ladder.

2. Economy

Our local businesses are a key factor in our ambitions to drive up the health and wealth of the area. The majority of these businesses are independent traders and do not have large marketing budgets. We aim to help and support all businesses in the parish by delivering a campaign to encourage people to Shop Local - Spend Local by promoting the current high street offer and providing free marketing opportunities through platforms like digital signage, Bolsover TV and residents publications. We also want to increase the footfall in the town by bringing back markets.

3. Community Safety

We want residents of Clowne East to feel safe walking in the area at any time of the day or night. We will work with the District Council to install CCTV and deploy mobile CCTV cameras that are linked to a central monitoring suite. We will also increase patrols by the CAN Rangers and Enforcement team to tackle litter and disorder in our communities for the benefit of everyone.

4. Leisure and social activities

We all know how important leisure and open spaces are for our wellbeing so we will look to develop the leisure and recreational activities available to local residents. We will build on the success of the Wellness Hub and look to expand upon the sessions and activities available. We will develop the playground and recreational facilities in the town. And we will also provide more social and cultural opportunities and events for people to attend that will enhance people's quality of life.

5. Environment and tourism

Climate change is always a hot topic and although we can't solve it on our own, we can do our bit to help. So we will continue to help tackle this problem through modern methods of construction in our house and commercial property building programme that will reduce the reliance on gas and encourage sustainability. We will also continue with our tree planting schemes and continually improve our burgundy bin recycling service by offering residents more opportunities to recycle their waste. We will work with local organisations to help preserve our rich history and heritage and attract visitors to the area that will also help boost the economy.

6. People and communities

The past three years have not been easy for anyone. The Pandemic, the cost of living crisis and rising household bills are continuing to hit everyone hard. We will continue to provide Warm Spaces for people to attend, offer advice and information on what benefits or help people are entitled to and continue our commitment to promote local voluntary and community groups, helping them attract new members and increase their fundraising efforts through schemes like Bolsover District Community Lottery.
